RE: Rescission of June 1, 2021 Gathering and Face Mask Order and MI-OSHA Emergency Rule

Effective immediately, the MI-DHHS June 1, 2021, Gatherings and Face Mask Order, and the MIOSHA Emergency Rules issued on May 24, 2021, have been rescinded.

All non-healthcare industry employers are no longer required to maintain a COVID-19 Preparedness and Response plan. Therefore, Genesee County Road Commission (GCRC) will ***no longer require*** the following for any GCRC employees or visitors:

- Completing the daily screening regarding symptoms or scanning temperatures upon entering a GCRC facility and visitors are no longer required to provide contact information.
- Proper face masks are not required for any vaccinated or unvaccinated employees or visitors.
- All employees and visitors are no longer required to practice social distancing protocols.
- Gathering size restriction limitations have been removed.

GCRC employees and visitors may elect to continue to follow and practice some COVID-19 safety protocols. If this is the case, it is entirely voluntary; however, GCRC will not tolerate any employee or visitor being subjected to threats or insults due to any persons electing to continue with the safety protocols.

GCRC is asking that all employees continue to be health-conscious to help keep our environment safe.

If you have any questions, please feel free to contact the Human Resources Department at extension 251.

Thank you.
