**QUESTIONS RECEIVED**

The following are questions proposed from potential bidders with corresponding answers

Q: Items 1-2 list “Peak” as the brand, will alternates meeting this standard be permitted?

A: Alternates may be considered, however Peak is the preferred brand.

Q: Pg 8 lists “item 12” 10w30 but no 1030 is listed on the bid. Do you need 10w30 pricing...?

A: Alternates may be considered, however Dexos is preferred.

Q: Items 23 & 24 ask for 10, 30 and 50 weight. Would you like this pricing broken out or provide just for one with the others assumed to be same indexed price?

A: Broken out.

Q: Usage Data- Are estimated volumes available for these products?

A: We recently had a network disruption so all data is not available at this time but below are estimates for some of the products:

A: We prefer Net 30
